Each course will require about 15-18 hours of coursework per week.

Am I able to take a leave during the program?

If you do need to take a leave from the program, we can explore options. You will need to speak with your academic advisor as to how this will affect your graduation date. If you take more than one consecutive semester off (Fall and Spring) you will need to re-apply to their program. Please keep in mind that this will push your graduation date back and we cannot guarantee that the courses you need will be offered every semester.
